QUALITÀ SVILUPPO PERSONALIZZAZIONE

Qualità, Sviluppo e Personalizzazione sono i segreti del successo di Damarila TNT Srl, azienda di Cava de' Tirreni (Sa) specializzata nella produzione di tovagliato monouso in "tessuto non tessuto" nel settore Ho.Re.Ca.

Damarila TNT Srl is specialized in the production of disposable tablecloth in nonwoven fabric, as part of the Ho.Re.ca industry. The company is situated in Cava de' Tirreni (SA), in southern Italy, and its keys of success are: **quality, development and personalization.**

Qualität, Entwicklung und Personalisierung sind die Geheimnisse des Erfolges von Damarila TNT GmbH aus Cava de' Tirreni, Italien. Diese Firma beschäftigt sich mit der Produktion der Einweg-Tischwäsche aus Vliesstoff für den HoReCa-Bereich.

Qualità. I prodotti firmati Italian Creativity sono in Airlaid, una tipologia di "tessuto non tessuto" che utilizza l'aria nel processo di lavorazione delle fibre di cellulosa, anziché l'acqua. Questo processo lo rende particolarmente soffice e "gradevole" al tatto. È un materiale dallo spessore consistente con una straordinaria assorbenza e resistenza. Gli impianti di stampa utilizzati sono tecnologicamente avanzati e permettono di realizzare forme e decori che evidenziano i particolari nei minimi dettagli, con un risultato di alta qualità. La realizzazione della stampa può essere fatta fino a 6 colori e altrettanto all'avanguardia sono i sistemi di converting presenti che garantiscono una perfetta igienicità del prodotto.

Azienda certificata UNI EN ISO 9001:2015

About Quality. "Italian Creativity" products are in Airlaid, a type of nonwoven fabric made by using air instead of water during the manufacturing process of cellulose fibers. This process makes the fabric particularly soft and "pleasant" to the touch. Airlaid is, moreover, characterized by a considerable thickness which gives the fabric a remarkable capacity of absorbency and resistance. The printing plants are technologically advanced and allow the realization of patterns and design with particular attention to the finest detail. Printing can be realized up to six colours and the equally advanced converting system ensures highly hygienic products.

Certified Company UNI EN ISO 9001:2015

Die Qualität. Die "Italian Creativity" Produkte sind aus Airlaid, das heißt, dass man während der Produktion der Cellulose-Kunstfasern statt Wasser einfach die Luft benutzt, sodass der Vliesstoff besonders flauschig und weich ist. Die Dicke ist sehr fest und der Stoff ist absorbierend und stark. Dadurch, dass wir nur technisch fortgeschrittene Druckanlagen benutzen, haben wir die Möglichkeit, sehr detaillierte Formen und Dekorationen von hoher Qualität zu realisieren. Unsere Drucke könnten bis zu 6 Farben aufweisen und das modernste weiterverarbeitende System bürgt für die perfekte Hygiene des Produktes.

Bescheinigter Betrieb UNI EN ISO 9001:2015

VIETRI

La sala impreziosita da questo tovagliato non ha bisogno di altri decori. Le tavole si rivestono delle maioliche stile vietrese, l'arte che esprime l'anima del Mediterraneo.

The dining room does not need more decorations because it is already embellished with tablecloths. Tables are in fact decorated in Italian majolica's style, typically of the little town of Vietri and representative of the Mediterranean soul.

Die Tischwäsche schmückt den Raum aus, sodass er keine Dekorationen mehr braucht. Der "Vitresestil", und zwar ein typischer Stil aus Vietri, in Süditalien, ist das Symbol des Mittelmeeres.
